Timber Shutters

Fauxwood PVC Shutters

Aluminium Louvre Shutters

Aluminium Fixed Shutters

Outdoor Shutters

Roller Shutters

Timber Shutters.

Commonly referred to as plantation shutters, these window coverings have serious curb appeal! Amaru's timber shutters add a timeless elegance to any home as well as full control over light, privacy and airflow.

Fauxwood PVC Shutters.

A practical alternative that couples the appearance of traditional timber shutters with the durability and low maintenance requirements of PVC.

Aluminium Shutters.

Enhance your outdoor living space and take control of the light, views, privacy and ventilation.

Create an enclosed outdoor room, screen off part of a pergola or add protection to your windows and doors with aluminium shutters.

Available in most Dulux powdercoated colours

Perfect for home or commercial buildings.

Roller Shutters.

If additional security and a comfortable temperature within your home are a priority, Amaru's roller shutters are an ideal solution. Our extensive colour range means we can find a complementary match to your home or commercial exterior.

Fixed Louvre.

Simple yet effective, fixed louvre exterior window shutters offer shading and screening solutions for your home or business premises. Originally designed for use commercially, over the years outdoor shutters have become a popular choice for Australian homes.

Handy Tip
Excellent for screening - hide your air conditioning unit or bins

Eco Friendly

Timber is a versatile and renewable natural resource when responsibly sourced. We're proud to only use sustainably farmed timber.

Custom Painting

We only use quality paints, stains and lacquers on our shutters. If we don't have the colour you desire in our standard range, we can custom paint it for you.

Full Installation

We only employ trade qualified professionals who have been trained in the correct installation process to install our shutters.
